

1. In which PACE stage would a data professional ask, "What are the goals of the project?"

0 / 1 point

- ☐ Construct
- ☐ Analyze
- ☒ Execute
- ☐ Plan

⊗ Incorrect

In the plan stage of the PACE model, a data professional asks, "What are the goals of the project?" The answers to this question help to define the project scope. During the execute stage, a data professional shares the story they have unlocked from the data.

2. Fill in the blank: In the _____ stage of the PACE model, a methodical examination of the data is conducted.

1 / 1 point

- ☐ plan
- ☐ construct
- ☐ execute
- ☒ analyze

✓ Correct

In the analyze stage of the PACE model, a methodical examination of the data is conducted. This is also the stage when a data professional engages in exploratory data analysis, or EDA.

3. In the execute stage of the PACE model, what is shared with stakeholders?

1 / 1 point

- ☒ The story told by the data
- ☐ Project goals
- ☐ Datasets
- ☐ Models and algorithms

✓ Correct

In the execute stage of the PACE model, the story told by the data is shared with stakeholders. This may include answering questions, presenting findings, and sharing recommendations based on the findings.
