1. Fill in the blank: In Tableau, qualitative data values called _____ are used to categorize and group data to reveal details about it.   1 / 1 point

   ◉ dimensions
   ○ measures
   ○ aggregates
   ○ comparisons

   ⊘ **Correct**
   Qualitative data values called dimensions are used to categorize and group data to reveal details about it.

2. What does the term continuous indicate in data analytics?   1 / 1 point

   ○ A measure or dimension has a finite and countable number of outcomes.
   ◉ A measure or dimension has an infinite and uncountable number of outcomes.
   ○ A measure or dimension will continuously reduce until it reaches zero.
   ○ A measure or dimension is continuously growing at an exponential rate.

   ⊘ **Correct**
   The term continuous is a mathematical concept indicating that a measure or dimension has an infinite and uncountable number of outcomes.
